

Kite Glass Case Study: The Quays Leisure Centre, Southampton

Processes included:

- Polishing
- Drilling
- Toughening
- Heat Soaking
- Laminating

Summary:

One of only four high performance diving centres in the UK, The Quays Leisure Centre in Southampton was chosen by the Ukraine National Diving Team as their training venue to prepare for the London 2012 Olympic Games. Also, three of Team GB's Olympic divers use The Quays as their base.

Kite Glass was selected by M & G Olympic Products to supply 10mm clear laminated infill balustrade panels for leisure bridges, internal staircases and spectator areas. Processes applied to the laminated glass included heat soaking, edge working and drilling.
