

Kite Glass Case Study

Mercedes-Benz, Stockport

Processes included

- SentryGlas® Interlayer
- Heat Soaking
- Toughening
- Laminating
- Polishing

Summary

Planning permission was given in 2017 for one of the largest Mercedes-Benz dealerships in Europe, budgeted at £50m for the 10.5-acre brown field development, located in Brighton Road, Stockport, and adjacent to the M60 Manchester Outer Ring Road. The dealership was developed by Hong Kong-based Lei Shing Hong, a Global automotive retailer and opened in 2019.

Kite Glass worked in partnership to deliver all the glass to this impressive development which has achieved BREEAM environmental standards.

This new purpose-built three-story dealership has two buildings, a 13,492sqm 40 car showroom, and a 17,166sqm purpose-built high-tech Body, Paint and Repair Centre. There is also additional capacity for 100 Approved Used vehicles.

For the lower levels of the building, Kite Glass delivered 150m² of 20.89mm Clear Low Iron Heat-Soaked Toughened Laminated Polished with an all round SentryGlas® interlayer. For the staircases and upper levels Kite Glass supplied 400m² of 19mm Low Iron Heatsoaked TemperTec DSR TM polished and drilled.
